REV. G. W. M'DANIEL TO COME

Members of the First Baptist Church Confident He Will Accept Call.

The pastorate of Rov. Eugene W. Stone, at Immanuel Baptist Church, was inaugurated on Sunday most auspiciously. It was a bright and happy day both for this grawing church and happy day both for this grawing church and for the pastor who, after years of successful work in the session of the Sunday school in the morning and all were attended by congregations that crowded the church. Rev. Mr. Stone made a short talk to the Sinday school and preached morning and night. He made a fine impression, fully sustaining the reputation that preceded him. His sermons were peculiarly appropriate to the beginning of his work in the new field. In the morning with the text, 'He saved others', himself he could not saye," he earnestly emphasized the idea that the highest and most Christitist type is reached by men and women when they give themselves most earnestly in Christian love and service. At night the discourse pletured Christian men and women in the exalted role of co-workers with God, helpers in the great work of bringing the world to redemption. Basing his sermon on the review given by Paul and Barnahas of their work when they went to Rome. The preacher very strikingly brought out the fact that in all great religious movements, God has used consecrated men to proclaim the blessed tidings of salvation and to lead sinners to Christ.

The installation or welcome service in the afternoon was one of special interest. The church was crowded, the musly was excellent as it was at both of the other services and the addresses were very felicitious. Rev. Dr. C. S. Gardner prosided and read the Scripture; Rev. Mr. Robertson, of Randolph Street Church, offered prayer, and corlail words of welcome were spoken by Dr. Nelson, on hehalf of Immanuel Church; Dr. Simith, for the Baptists of the city, and by Rev. F. McFauen, on behalf of the other demoninations. The response of Mr. Stone was brief but most happy.

Immanuel's new pastor is an altractive preacher and is destined to take high rank among the Richmont ministry as he has done in hi The pastorate of Roy, Eugene W. Stone

Church.

The annual meeting of the Church was held Sunday and financial and other reports showed the church to be in excellent condition. Despite the fact that the church has had no paster, collections have been good and all church expenses have been promptly met. The various activities of the church are aggressive and diligent and every member turns a happy face to the future.

This committee was appointed for the special purpose of determining whether it were not possible to harmonize all the interests doing charfable work in this city. In furtherance, of this object, the committee met on January 7th at 12:30, at the office of the Virginia, State Insurance Company. The entire committee was present with the xeeption of Mr. Hawes. Mr. Bryan was in the chair and Mr. Lecky acted as secretary. After a general discussion it was evident that all the members of the committee were fully in accord in the belief that it would be of distinct advantage to the work of releving the poor of the city if there could be developed such a plan as would prevent all overluppings of charitable relief. It was not only practicable, but frequent, for undescring people to play off the sympathy from one member of this association against ancher, and the sole question before your committee was the best method to prevent such a state of affairs.
